Restoring Mind, Body and Soul

Our range of Wellness Therapies from Germaine De Capuccini are designed to help restore and soothe the mind, body and soul post illness and surgery, often providing a much needed physical touch to restore an emotional equilibrium.

This range of therapies can be adapted with a specific touch therapy method suitable for cancer patients and after intensive medication with innovative products and ingredients to target skin related side effects caused by chemotherapy, radiation treatments and other strong medication.

Our Wellness Therapies include the use of our exclusive obsidian & onyx ritual stones; luxurious semi-precious stones that boost blood flow and improves oxygenation of the tissues. Emotionally it assists in the elimination of unwanted energy both physical and mental, bringing balance and strength to assist with providing an immediate inner wellness, combined with our specifically selected therapies and soothing products from Germaine de Capuccini.

CALMING SCALP, HAND & FOOT THERAPY

£145.00 / £150.00 per person
75 minutes

Intense hydration head to toe

Chemical treatments can leave the extremities of the body suffering from extreme dryness and stimulate hair loss. This therapy provides intense nourishment to the hands and feet with gentle exfoliation, soothing warm towels and a hydrating mask to the feet, hands and nail beds without the use of water baths to help maintain a healthy PH level. Your head to toe treatment is completed with our revitalising scalp touch massage, using our baobab hair oil that contains five nourishing organic oils with calming and soothing aromas to uplift and relax your body and mind.
